Our Mission

Nowadays, more and more children are stuck on electronic devices such as smartphones and tablets. Our mission is to promote movement through the sport of tennis. EcoTennis Inc. has been created with the idea to share that passion. Children participating to our programs will be developing their motor skills, their hand-eye coordination, their overall physical abilities, their competitive spirit and their group social skills.

Advantages

- Parents take advantage of the fact that the tennis activity is within the school
- No extra transport is needed.
- Parent's schedule is not altered.
- Sessions are affordable.
- Children stay within a familiar environment.
- The material is already provided by the instructor.
- No special tennis clothes are needed. (any sport apparel is sufficient)
