## Governing Board Meeting Principal's Report November 25, 2020

- To date, we have had 10 confirmed COVID at our school. Every precaution remains in place to control the infectious disease while we teach from school.
- To limit the number of emails that parents are receiving from the school and to prevent any confusion, the school board has decided to modify the COVID information protocol to ONLY contact the families of the students considered a 'close contact'. To see the number of active COVID cases at our school, you may visit the school board website at [www.swlauriersb.qc.ca](http://www.swlauriersb.qc.ca) which is updated daily.
- This year, our partnership with AGAPE to collect non-perishable food items remains intact, however, we will not participate as a liaison this year. We have informed all stakeholders to directly donate at AGAPE's offices located in Laval.
- Our partnership with St-Hubert Restaurant has provided an opportunity for their company to help out our families in need. They will be providing us with gift cards to share with our families so that they may purchase food from our local grocery stores.
- Moisson Laval continues to support our school by providing monthly snacks to our students in need.
- We have extended Danse Sport Quebec's contract until the end of June, and as of last month, this includes our grade 1 students whose program was cut short due our school's shut down in March.
- Students and staff celebrated Hallowe'en with many activities throughout the day. Donations, decorations and classroom initiatives provided for some much needed happiness during exceptional times. We are already planning ahead with December activities before the Holiday break. Information will be shared within next month's calendar/newsletter.
